The Freshwater Crayfish of the Sydney Region

Publication

This is a small 56 page full colour guide to all the different species of freshwater crayfish found in the Sydney region. This book is for everyone with an interest in what's in their area. Full colour pictures and distribution maps of all the species allows all enthusiasts an easy opportunity to find and identify the species in their area. This book is currently in draft form with completion and publication expected in December 2009.

ISBN: 978 0 9805144-5-2 56 pages Full Colour.
