Basin View Integrated Garden

Robert B McCormack: rob@aabio.com.au
Paul Van der Werf: paul@earthangroup.com.au

Aquaculture consultancy,
The Basin View Gardens were designed by Paul Van der Werf of Earthan Group. Australian Aquatic Biological is part of the Earthan Group and the gardens were constructed and installed by Robert McCormack of Australian Aquatic Biological and Paul Van der Werf, Earthan Group www.earthangroup.com.au

This integrated garden with central aquaculture tanks, earthen beds, floating raft culture and hydro clay media beds is the largest of its kind ever constructed in Australia.
